CITY OF BETHEL, ALASKA

Resolution # 05-30

A RESOLUTION AUTHORIZING THE PURCHASE OF A DOZER EQUIVALENT TO THAT OF A D-5 LGP CATERPILLAR DOZER WITH MONEY PREVIOUSLY APPROPRIATED FOR DOCK REPAIRS

WHEREAS, the Port of Bethel dock suffered major structural damage due to this year's spring break-up and resulting erosion and left uncorrected the situation could result in total loss of dock and the revenue generated by its operations;

WHEREAS, the Bethel City Council has demonstrated their commitment to the complete restoration of the dock's structural integrity by approving a $500,000 appropriation on June 28, 2005 from the designated seawall maintenance funds;

WHEREAS, the Acting Port Director has evaluated the project costs to complete the repairs and estimates that the materials, equipment and labor required to perform the work will not exceed $210,000 leaving nearly $290,000 of the appropriation unexpended;

WHEREAS, the Acting Port Director has concluded that the heavy equipment owned by the City is not well suited to the needs associated with the repairs to the dock and recommends, with concurrence by Administration, the purchase of a new D-5 LGP Caterpillar Dozer or equivalent, which would satisfy the equipment needs of the Port for all other maintenance and would be available for use by other City department.

NOW, THEREFORE, BE IT RESOLVED that the Bethel City Council hereby authorizes the Port to purchase a D-5 LGP Caterpillar dozer or an acceptable equivalent and use a portion of the funds identified for dock repairs as the funding source.

ENACTED THIS 28th DAY OF JULY 2005 BY A VOTE OF __ IN FAVOR AND __ OPPOSED.
