CITY MANAGER APPLICATIONS

Murphy requested a complete public screening of applications and felt the work session on November 2nd was not the place to make screening decisions.

M/M Murphy, Gregory. I move we screen the applications now and discuss final choices in executive session. Voice vote. All approve.

M/M Richardson, Crow, I move to go into executive session. Voice vote. All approved.

Council meeting reconveined at 9:15 P.M.

Four applicants were selected for further consideration: James Van Cleaf, Andy Edge, Richard Ivey, Richard Schneider.

Next Monday a conference call will be arranged with Ivey and Van Cleaf and the City Council. At the next Council meeting a decision will be made in hiring the City Manager.

Enviornmental Conservation Guests

Mr. Kyle Cherry, Bob Elint and Keith Kelton were in attendance. Mr. Cherry stated that he has been investigating the water and sewage disposal systems of different organizations in town. N.C.'s system appears to be operating effectively and if the system functions properly, no pollution will be evident in Dahl lake. Presently the VFW is discharging raw sewage into Dahl lake. To enforce state laws he must go through the Attorney General's office which could take several months or more. The City could speed the enforcement process by resolution to the Commissioner requesting immediate action to stop. A written report will be made available to the City.

Keith Kelton stated that he will look at the present sites and recommend new locations. In winter snow can be used as land fill material - dirt in summer 2 to 3 times per week.

M/M Richardson, Connick, I move we draft a resolution on solid wasted disposal directed to Enviornmental Conservation on the VFW's disposal system to be on next weeks agenda. Roll call vote with all voting yes.

Hoffman appointed Connick Acting Mayor in his absence.
