SUBJ: Future Resolutions

Attached please find the resolution you passed out to the Council on 2/14/89 - signed and certified with a City of Bethel seal. The Resolution has been given a number of #632. The only Councilmember that did not sign is Antone Anvil - he was out of town.

Also, in the future, if you want a resolution or ordinance added on to an agenda, I prefer you go through my office, since they have to be assigned numbers to them, and indicated on the agenda as 'proposed Resolutions' or 'introduction of an ordinance' for Council consideration. So the Council can be informed ahead of time whether it has to be introduced or basically for their consideration for action.

The way we had you on the agenda last time, the Councilmembers, including myself were confused as to what your item was going to be - whether a basic report or some kind of request. So, going through my office the next time would save some confusion, especially for the Councilmembers.

Any questions, please do not hesitate to contact me at 543-2047.
