

Mayor Art Nicholson  
Bethel City Council  
Bethel, Alaska

Gentlemen:

After a thorough study of the materials listed on the three bids for a 16'x20' warm up building, I find the more rigid structure can be built from the materials listed by the Bethel Trading Co.

However, no electrical materials were listed for the two ceiling light fixtures also no size was given for the heating stove. The latter should be no smaller than 35,000 BTU. If the above items are included, I recommend the Bethel Trading Co. bid be accepted.

Secondly, the bid of Swanson Brothers.

*ES*  
Earl S. Coulthard.

This letter was submitted on November 11, 1964. The Council was polled by telephone. Elliott, yes; Schirmer, yes; J. Hoffman, yes; E. Hoffman, yes; Sallison, yes; Mendola, yes; The Bid is awarded to Bethel Trading Co. Material cost \$970.00.
