WHEREAS, despite paying the yearly maintenance fee, technical support and updates have become virtually non-existent and when support in restoring the system is undertaken, it takes days rather than hours to complete the restoration;

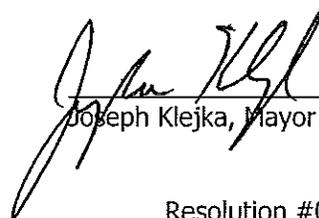

WHEREAS, EForce Computer-aided Dispatch (CAD) and Records Management System (RMS) is browser based, integrates E911 information into the CAD/RMS System, is Uniform Crime Reporting (UCR) and National Incident Based Reporting System (NIBRS) compliant which will increase efficiency;

WHEREAS, EForce is a sole-source item that will finance their system for three (3) years for less than \$30,000.00 per year and thereafter the yearly maintenance fees will begin at \$7,000.00 annually with a maximum increase of five (5%) per annum.

WHEREAS, the EForce System is provided by a proven and reputable vendor and offers state of the art integrated service, ease of operation, service availability closer to our time zone and a significant monetary savings to the City over the life span of the system;
