

RESOLUTION #673

WHEREAS The City of Bethel wishes to dredge the small boat harbor and needs a site for the disposal of the dredged materials, and,

WHEREAS the Bethel Native Corporation owns property suitable for the disposal of dredged materials immediately adjacent to the small boat harbor, and,

WHEREAS alternate suitable sites are either not immediately available or are at a greater distance which will materially increase the cost of dredging effectively reducing the amount of dredging the City can accomplish for the money available, and,

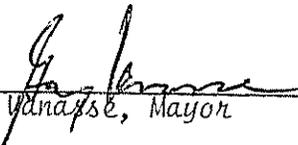

WHEREAS the City recognizes BNC is within its rights to charge for the disposal of the dredged materials. The City further recognizes BNC is making a significant contribution to the project by choosing not to charge for the disposal of the dredged materials,

NOW THEREFORE BE IT HEREBY RESOLVED:

that the City Manager is directed to seek the cooperation of the Bethel Native Corporation and to request the free use of the land suitable for the disposal of the dredged materials from BNC.

FURTHER: The City Manager is authorized to negotiate for, and enter into, such agreements as are necessary to provide for the use of the land.

PASSED AND APPROVED THIS ~~26~~ 26 DAY OF February, 1991

Gary Vanasse, Mayor

ATTEST:

Anna McGowan, City Clerk
