CITY OF BETHEL RESOLUTION #135

IN THAT THE U.S. Army Corp of Engineers has a requirement for the dredge procured for the Brown Slough Small Boat Basin project and

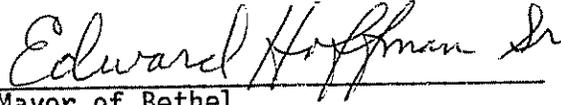

FURTHER that this requirement came about by the disastrous storms and floods in the region of Nome, Alaska and

FURTHER that there still is a great need for the services of this dredge in this area to complete a regional boat basin as well as dredging the many shallow sloughs and crossings confronting river transportation in this area

NOW THEREFORE LET IT BE RESOLVED that the City Council of Bethel Alaska request the U.S. Corp of Engineers take the following action.

1. Upon the completion for the need of the dredge in Nome, Alaska in 1975 return the dredge to Bethel.
2. Complete with the utmost expediency the study necessary to fund the construction of the louse town Small Boat Basin.
3. Enter into an immediate study in conjunction with the State of Alaska and the City of Bethel to demonstrate the feasibility of winter excavating approach of sloughs to river villages.

Passed this 25th day of November, 1974

Mayor of Bethel

City Clerk
