Attachment(s):

Amount of fiscal impact:		Account information:
<input checked="" type="checkbox"/>	No fiscal impact	
<input type="checkbox"/>	Funds are budgeted for.	
<input type="checkbox"/>	Funds are not budgeted. Budget modification is required.	

The contractors for the YK Fitness Center have been contracted to provide general maintenance at the facility but have run into significant impediments to the accessibility of the fixtures above the pool. The city does not own equipment that will 1.) fit into the pool deck area due to the size of the doors and 2.) that will reach the needed space above the pool.

To ensure continued maintenance on the facility it is important to begin considering solutions to this outstanding issue.
