Summary Statement:

The City of Bethel purchased Engine-28 from the State of Alaska for \$1 in the mid 2000's. The Bethel Fire Department no longer needs this vehicle.

The department received a letter from the Native village of Napaimute requesting Engine 28. Napaimute has a storage facility and the expertise needed to repair and use this vehicle to protect their community.

The Native village of Napaimute is a federally recognized tribe. Napaimute representatives are in the process of adding Engine 28 to their insurance. We intend to sell Engine-28 for \$1 to the Native village of Napaimute.
