# Campsite / Trail Marker Posts

These strong, flexible 66-inch marker posts are available in a variety of colors. They are ideal for marking trails or campsites and can help visitors keep track of their vehicles. Reflective numbering labels sized for these posts will complete your installation. They ship quickly from our plant in the US.

- Use these posts for color coding hiking, biking or ski trails. With our numbering kit, the posts can identify campsites, parking or other areas
- Place posts near recreation areas
- Owners and managers of public and private parks and trails should use these signs

## Committees and Commissions

### Recommendation to City Council

Committees and Commissions that wish to make a recommendation to City Council should turn this form in to the City Clerk or to the City Council representative on the committee or commission.

<b>Committee/Commission:</b> Public Safety and Transportation Commission	<b>Chair:</b> Monroe Tyler
<b>Date Submitted:</b> 07/10/2019	<b>Council Rep:</b> Fritz Charles
<p><b>Issue:</b> The City of Bethel has an opportunity to prepare and submit a Community Transportation Program application to the Alaska Department of Transportation and Public Facilities to nominate a project for funding in the FY 2020-2023 Statewide Transportation Improvement Plan. Engineer firm DOWL has been contracted to prepare and submit the application. The new deadline is September 15, 2019.</p> <p>City Administration considered several projects before recommending that a significant road rehabilitation be completed for Akakeek Street, Ptarmigan Street from Lulu Heron to Delapp Drive, and all of Delapp Drive. The City and this Commission believe that an engineer-designed and rebuilt road from the bottom to the surface will result in less injuries, deaths, and close calls on these roads, which carry pedestrians, bicyclists, pets, four-wheelers, snowmachines, automobiles, and heavy trucks and equipment.</p>	
<p><b>Recommendation:</b> The Public Safety and Transportation Commission recommends that the City pursue a Community Transportation Program grant application to request funds for the Akakeek, Ptarmigan, and Delapp Streets Heavy Use Road Improvement Project and provide the cash match amount of \$175,004 that was approved by City Council on April 9, 2019. The Public Safety and Transportation Commission strongly supports this project.</p>
