

CITY OF BETHEL POLICE DEPARTMENT

Community of Bethel,

While we have always enjoyed having a police department that is very accessible to the public, we are temporarily making the following changes and recommendations as precautionary measures to help keep our employees and residents as healthy as possible:

- ❖ We are limiting access to the BPD lobby. We highly encourage residents to make reports over the phone if possible. If it does need to be an in person report an Officer will still take your report through our barrier.
- ❖ Residents are **HIGHLY ENCOURAGED** to file police reports online if possible. Many non-emergency police reports can be filed by visiting <https://www.cityofbethel.org/police>
- ❖ Residents can also get assistance filing police reports by phone by calling 907-543-3781.
- ❖ We are not going to be seeing Cab Drivers at this time, people who are waiting for an inspection or have turned in an application will get a call once we are fully open to the public again. Any permits that will be expiring soon will not be affected at this time. Just keep your paperwork with you and turn it in once we announce that we will be back in business for cab inspections and renewals.

As always, continue to dial 911 FOR EMERGENCIES

We appreciate the public's understanding as we all work together to support each other through the changes our community is temporarily facing. Be safe and take care of each other!
